

Bananas in Coconut Milk

Servings: About 4

Ingredients

- 1 can coconut milk
- ½ can plain water (coconut milk to water ratio= 1 : ½)
- 3 tablespoon brown sugar, more or less as desired
- Pinch of salt
- 2 (barely ripe) bananas, more or less as desired*

*You don't want the bananas to be too ripe or they will become mushy.

Directions

1. Combine milk, water, sugar, and salt in a small saucepan.
2. Heat to boiling. Turn off heat.
3. Cut bananas lengthwise and then into thick slices.
4. Add bananas. Let sit for a minute or so to warm bananas but not to cook them.
5. Serve warm.
